

## Assembly Guide

With these steps, you can set up your flag and get ready to get noticed.

### 1. ASSEMBLE POLE

Attach the pieces of your flag pole, and then add the antennae to the top of the pole.

### 2. ADD FLAG

Feed the antennae through the pocket that runs along the side of your flag.

### 3. ATTACH BASE

Place the prong on the top of your base into the hole at the bottom of the flag pole.

### 4. SECURE FLAG

Make sure the bungee is attached to both the flag and the hook on the flag pole.
