INSTALLATION INSTRUCTIONS for 7.5’x7.5’/7.5’x10’

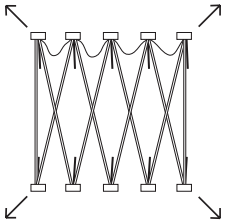

Hardware

1

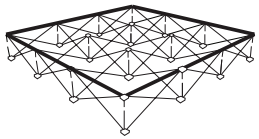

Remove unit from rolling bag.

2

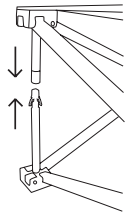

Stretch frame to size by grabbing the corners and pulling outward.

3

Align all plastic locking arms.

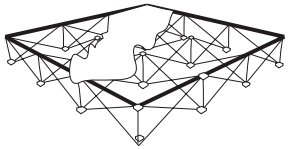

4

Snap all plastic locking arms in to place.

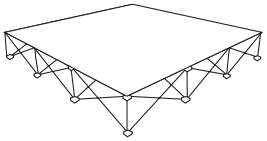

Graphic No Endcaps

5

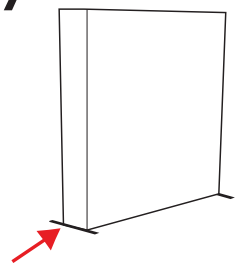

Graphic attaches to face of frame with velcro. Start in one corner and move on to the next, stretching the fabric to fit.

6

Graphic application is complete.

7

If desired, attach stabilizer feet to bottom of unit by unsnapping bottom corner plastic locking arms and sliding the tabs of the feet into the slots on the frame. Lock arms back into place to secure feet.

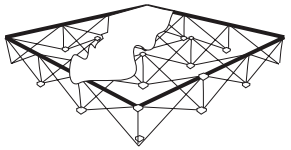

8

Lift frame into place. Setup is complete.

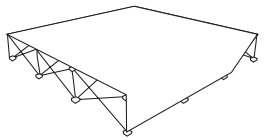

Graphic w/Endcaps

5

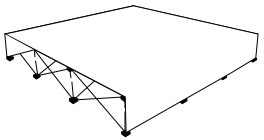

Graphic attaches to frame with velcro on the left and right sides. Start in one corner and move on to the next, stretching the fabric to fit.

6

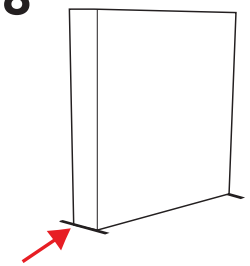

Pull end caps down to corner of frame and attach. Attach other corner.

7

Repeat on opposite side.

8

If desired, attach stabilizer feet to bottom of unit by unsnapping bottom corner plastic locking arms and sliding the tabs of the feet into the slots on the frame. Lock arms back into place to secure feet.

9

Lift frame into place. Setup is complete.
